

## TAP into More Profit

The TAP, a custom oral appliance that helps prevent snoring and sleep apnea, offers you the opportunity to increase profits from existing and new patients. There is a 96% success rate for people treated with the TAP. The adjustable appliance holds the lower jaw in a forward position so that it does not fall open during the night and cause the airway to collapse. The TAP maintains a clear airway to reduce snoring and improve breathing. As a dentist you can learn to fit and sale the TAP. Be one of the first to offer this revolutionary dental technology.

**TAP into a quiet night's sleep**
